

PICTURE PEN POINTERS

KEEP IN MIND

- Direction of sun (see graphic & shadowing above)
- Level/flat area without shade trees & open background
- Fencing recommendations
 - High tensile electric fence
 - Continuous/free standing panels

HELP RECOMMENDATIONS

- 2 people + photographer in picture pen
- 2 to 3 or more on washrack/prep

EAR GETTING TRICKS

- showstick + hat
- large masks
- umbrellas
- speakers
- sorting flags
- crawling

OTHER HELPFUL TIPS

- Use a buddy calf/cow to help nerves and direct calf
- Do not introduce the calves to the pen until picture day
- Use shade cloths/tarps to cover undesirable views

SUN DIRECTION

1. Keep the calf perpendicular to the sun.
2. Sun will vary throughout the day.
 - Take notes of shadow position ahead of picture day.
3. Long sides of pen run North & South
 - This allows for longer passes in optimum sunlight
